A New Dictionary of Christian Theology Jul 16 2021

Essentials of Christian Theology Nov 19 2021 This splendid introductory textbook for Christian theology presents two essays by leading scholars on each of the major theological questions. William Placher provides an excellent discussion of the history and current state of each doctrine while the essays explore the key elements and contemporary issues relating to these important theological concepts.

Christian Theology in Practice Nov 27 2019 For the past fifty years, scholars in both pastoral and practical theology have attempted to recapture human religious experience and practice as essential sites for theological engagement -- redefining in the process what theology is, how it is done, and who does it. In this book Bonnie J. Miller-McLemore shows how this trend in scholarship has led to an expanded subject matter, alternative ways of knowing, and richer terms for analysis in doing Christian theology. Tracing more than two decades of her own search for a more inclusive discipline -- one that truly grapples with theology in the midst of life -- Christian Theology in Practice shows not only where Miller-McLemore herself has traveled in the field but also how pastoral and practical theology has developed during this time. Looking forward, Miller-McLemore calls on the academy and Christian congregations to disrupt conventional theological boundaries and to acknowledge the multiplicity of shapes and places in which the "wisdom of God" appears..

On Christian Theology Oct 19 2021 This distillation of 20 years of Rowan Williams' pastoral and academic work tackles many of the most searching questions of theology and society at the end of the twentieth century. Collects the work of a prominent writer and serving bishop on the history of Christian theology and spirituality. Brings together Rowan Williams' theological essays with studies of wider issues from a theological point of view. Includes an introduction to his work by Bishop Williams.

[Faith Seeking Understanding](#) Jul 24 2019 Daniel Migliore's Faith Seeking Understanding has been a standard introduction to Christian theology for more than a decade. The book's presentation of traditional doctrine in freshly contemporary ways, its concern to hear and critically engage new voices in theology, and its creative and accessible style have kept it one of the most stimulating, balanced, and readable guides to theology available. This second edition of Faith Seeking Understanding features improvements from cover to cover. Besides updating and expanding the entire text of the book, Migliore has added two completely new chapters. The first, "Confessing Jesus Christ in Context," explores the unique contributions to Christian theology made by recent theologians working in the African American, Asian American, Latin American, Hispanic, feminist, womanist, and mujerista traditions. The second new chapter, "The Finality of Jesus Christ and Religious Pluralism," addresses the growing interest in the relationship of Christianity to other religions and their adherents. Migliore's three delightful theological dialogues are followed by a new appendix, an extensive glossary of theological terms, making the book even more useful to students seeking to understand the history, themes, and challenges of Christian belief.

An Introduction to Christian Theology Apr 24 2022 Far from being solely an academic enterprise, the practice of theology can pique the interest of anyone who wonders about the meaning of life. Inviting readers on a journey of 'faith seeking understanding', this introduction to Christian theology - its basic concepts, confessional content, and history - emphasizes the relevance of the key convictions of Christian faith to the challenges of today's world. In the first part, this book introduces the project of Christian theology and sketches the critical context that confronts Christian thought and practice today. In a second part, it offers a survey of the key doctrinal themes of Christian theology - including revelation, the triune God, and the world as creation - identifying their biblical basis and the highlights of their historical development before giving a systematic evaluation of each theme. The third part provides an overview of Christian theology from the early church to the present.

[The Invention of Sodomy in Christian Theology](#) Dec 29 2019 In this reexamination of what it means to have a tradition, Catholic and otherwise, Mark D. Jordan offers a powerful and provocative study of the sin of erotic love between men. The Invention of Sodomy reveals the theological fabrication of arguments for categorizing genital acts between members of the same sex.

Faith in Focus Oct 07 2020 This second edition of Faith in Focus is a response to appreciative criticism of the first edition (1981) that came from a broad, even international, range of readers, and from more than 600 students in the author's classes during the past eight years. There has been some expansion and condensation of the text, especially regarding Christian experience, in an effort to further explain and clarify. This edition includes, at the conclusion of each chapter, a section titled "Poetry, Prayer, and Praise Passages for Meditation." These are an attempt to suggest, by means other than academic analysis, how the subject matter of theology finally transcends the limits of scholarly language. A study guide is included at the end of the book to help readers think through the content of each chapter. In this edition the author continues to use the Revised Standard Version of the Bible for quotations but has edited in some cases as to eliminate gender preferential language. ^BContents God's Good Creation; Jesus' Double Significance; God's Spirit and Human Sin; The Spirit in the Church; Hope for and Beyond the World; and Postscript^6The Bible and Theology; Index.

The Routledge Companion to the Practice of Christian Theology Aug 17 2021 This Companion introduces readers to the practice of Christian theology, covering what theologians do, why they do it, and what steps readers can take in order to become theological practitioners themselves. The volume aims to capture the variety of practices involved in doing theology, highlighting the virtues that guide them and the responsibilities that shape them. It also shows that the description of these practices, virtues and responsibilities is itself theological: what Christian theologians do is shaped by the wider practices and beliefs of Christianity. Written by a team of leading theologians, the Companion provides a unique resource for students and scholars of theology alike.

Christian Theology May 14 2021 This book gives an accessible account of classical Greek history, from the aftermath of the Persian Wars in 478 bc to the death of Alexander the Great in 323 bc. The author describes the years which witnessed the flourishing of democracy in Athens; the establishment of the Athenian empire; the Peloponnesian war, which involved the whole Greek world; the development of Macedonian power under Philip II; and the conquests of Alexander the Great. His account combines narrative with analysis, and deals with major social, economic and cultural developments as well as political and military events. Rhodes details the evidence on which his narrative is based, which includes inscriptions, coins and material remains, and outlines the considerations which have to be borne in mind in using this evidence."

Christian Theology and Tragedy Oct 31 2022 Drawing together leading scholars from both theological and literary backgrounds, *Christian Theology and Tragedy* explores the rich variety of conversations between theology and tragedy. Three main areas are examined: theological readings of a range of tragic literature, from plays to novels and the Bible itself; how theologians have explored tragedy theologically; and how theology can interact with various tragic theories. Encompassing a range of perspectives and topics, this book demonstrates how theologians can make productive use of the work of tragedians, tragic theorists and tragic philosophers. Common misconceptions - that tragedy is monolithic, easily definable, or gives straightforward answers to theodicy - are also addressed. Interdisciplinary in nature, this book will appeal to both the theological and literary fields.

Genesis and Christian Theology Mar 24 2022 Proceedings of a conference held July 14-18, 2009 at St. Andrews.

Repentance in Christian Theology Jan 22 2022 This volume is a major resource for the interpretation, theology, and practice of communal and individual penitence. It gives teachers, preachers, and serious students of theology an exhaustive source of information and inspiration for renewing the initial call of Jesus to "Repent and believe in the Gospel" (Mark 1:15).

An Introduction to Christian Theology Jul 28 2022 There has long been a need for a comprehensive but truly introductory single-authored textbook in theology. By introducing the reader to the biblical, doctrinal and contemporary dimensions of Christianity with the help of illustrated examples from selected primary texts, the book provides an excellent grounding in theology for both students of the discipline and the general reader. The work explores key 'tools' for the scientific study of theology, endeavouring both to affirm the rationale behind Christian thinking, and also to familiarize the reader with significant contrary positions. The solid foundations in biblical theology and hermeneutics given in the book will enable students to read Judeo-Christian scripture intelligently. Key testimonies regarding Jesus Christ are scrutinized and the nature of the New Testament discussed. As well as the emergence of doctrinal orthodoxy and the later disagreements which have shaped contemporary Christianity, the reader will become familiar with the dimensions of current Christian thinking in its dialogue with post-modernity.

Types of Christian Theology Jun 02 2020 Presents the work produced by Hans W. Frei in the last decade of his life. The book is based on his 1983 Schaffer Lectures at Yale University and his 1987 Cadbury Lectures at the University of Birmingham. It presents his reflections on issues and options in contemporary Christian theology.

Biographical Dictionary of Christian Theologians Aug 24 2019 The last 20 centuries of Christian history have witnessed the emergence of numerous theological traditions. This reference provides alphabetically arranged entries for more than 450 Christian theologians. Included are entries for those individuals whose work was primarily in systematic and spiritual theology, or who were church historians chiefly concerned with theological matters. Whenever possible, each entry provides basic biographical information, a brief account of the theologian's education and career, and a summary of the person's most important contributions to theology. The entries end with bibliographies of primary and secondary sources, while the volume concludes with a selected, general bibliography.

A Christian Theology of Chaplaincy Jan 10 2021 Chaplaincy is a rapidly growing ministry, but one that has been the centre of little theological discussion. Focusing on understanding what chaplaincy is and how it is exercised in different contexts, this book intends to support the work of chaplains by providing a theological examination of their ministry. The chapters in this book discuss how the work of chaplains outside the structures of the Church and yet frequently carried out by ministers authorized by the Church relates to some of the key questions of how the Church understands itself in relation to the world (i.e. institutions and structures that are not part of the church), whether or not the chaplains should engage in converting non-Christians to Christianity, and how chaplaincy is carried out both from within Christianity and in a multi-faith environment. This book explores the role of chaplains and the benefits of chaplaincy as a form of ministry as well as an examination of the personal characteristics and disposition best suited to serving as a chaplain. Chaplaincy and Christian Theology considers the nature of chaplaincy in public spaces and the implications of Christian theology within this ministry. Essential reading for chaplains, students of theology, and anyone involved in Christian ministry and Christian theology.

Christian Theology and the Secular University Jun 26 2022 If the secular university by definition is non-sectarian or non-denominational, then how can it accommodate a discipline like Christian theology? Doesn't the traditional goal of the theological study, which is to attain knowledge of the divine, fundamentally conflict with the main goal of secular academic study, which is to attain knowledge about ourselves and the world in which we live? So why should theology be admitted, or even care about being admitted, into secular academic life? And even if theology were admitted, what contribution to secular academic life could it make? Working from a Christian philosophical and theological perspective but also engaging a wide range of theologians, philosophers, and religious studies scholars, *Christian Theology and the Secular University* takes on these questions, arguing that Christian theology does belong in the secular university because it provides distinct resources that the secular university needs if it is going to fulfill what should be its main epistemic and educative ends. This book offers a fresh and unique perspective to scholars working in the disciplines of theology, philosophy, and religious studies, and to those in other academic disciplines who are interested in thinking critically and creatively about the place and nature of theological study within the secular university.

Creation and Humanity Jan 28 2020

Asian Christian Theology Sep 05 2020 *Asian Christian Theology* provides a survey of contextually reflective, robustly evangelical theology for students to engage with the core doctrines of Christianity and their outworking in different cultures across Asia. The contributors of the chapters come from all corners of Asia to systematically examine traditional doctrinal themes and contemporary concerns for the Asian church. Ideal for use as a companion textbook in Asian seminaries and institutions, this book will also provide excellent further reading for those outside of Asia seeking global theological perspectives, and for those in contexts of significant Asian diaspora. Many excellent books surveying theology exist, but this book is a major step forward for students and scholars seeking to understand the dynamic environment of evangelical theology in Asia.

Mere Christianity Jun 22 2019 In the classic *Mere Christianity*, C.S. Lewis, the most important writer of the 20th century, explores the common ground upon which all of those of Christian faith stand together. Bringing together Lewis' legendary broadcast talks during World War Two from his three previous books *The Case for Christianity*, *Christian Behavior*, and *Beyond Personality*, *Mere Christianity* provides an unequalled opportunity for believers and nonbelievers alike to hear this powerful apologetic for the Christian faith.

Theology May 26 2022 This highly successful and popular book is now available in a thoroughly expanded and updated new edition. Alister E. McGrath, one of the world's leading theologians, provides readers with a concise and balanced introduction to Christianity as it has been interpreted by many of its greatest thinkers and commentators, from its beginning to the modern day. *Theology: The Basic Readings*, 3rd Edition comprises sixty-eight readings spanning twenty centuries of Christian history. To help readers engage with the material, each reading is accompanied by an introduction, comments, study questions, and a helpful glossary of terms used by its author. Readings are drawn from a broad theological spectrum and include both historical and contemporary, mainstream, and cutting-edge approaches. Uses the Apostles' Creed as a framework to introduce readers to writings on key issues, such as faith, God, Jesus, creation, and salvation. Represents two thousand years of sustained critical reflection within western Christianity. Encourages readers to interact with each text and to engage with primary sources. Serves as an ideal companion to the bestselling, *Theology: The Basics* or as a standalone text. *Theology: The Basic Readings*, 3rd Edition is an essential guide to the topics, themes, controversies, and reflections on Christianity as they have been understood by many of its greatest commentators.

Encyclopedia of Christian Theology Oct 26 2019 The *Encyclopedia of Christian Theology*, translated from the French *Dictionnaire Critique de Théologie* 2nd Edition, features over 530 entries, contributed by 250 scholars from fifteen different countries. Alphabetically arranged entries provide the reader a critical overview of the main theological questions and related topics, including concepts, events, councils, theologians, philosophers, movements, and more. Hailed as a "masterpiece of scholarship," this reference work will be of great interest and use for scholars, students of religion and theology as well as general readers.

The Gospel of John and Christian Theology Dec 09 2020 In recent years, the disciplines of biblical studies and systematic theology have grown apart and largely lost the means of effective communication with one another.

Unfortunately, this relational disconnect affects more than just these particular fields of study; it impacts the life of the church as a whole. The first St. Andrews Conference on Scripture and Theology brought leading biblical scholars and systematic theologians together in conversation, seeking to bridge the gap between them. Due to its profound influence on the development of Christian theology, John's Gospel is an ideal base for rekindling fruitful dialogue. The

essays here -- taken from the inaugural conference -- consider this Gospel from many angles, addressing a number of key issues that arise from a theological discussion of this text: John's dualism in our pluralist context, historicity and testimony, the treatment of Judaism, Christology, and more. -This is the beginning of a conversation that can only be enriched by variety and experimentation. . . . It is a signpost . . . pointing towards a not-too-distant future when interdisciplinary conversation and collaboration between these two natural partners will become, no longer occasional and surprising, but a normal and essential element in the flourishing of both.- -- Richard Bauckham (from the introduction) Contributors: Paul N. Anderson Stephen C. Barton Richard Bauckham D. Jeffrey Bingham C. Stephen Evans Terry Griffith Martin Hengel Kasper Bro Larsen Tord Larsson Judith Lieu Andrew T. Lincoln Jurgen Moltmann Carl Mosser Stephen Motyer Murray Rae Anastasia Scrutton Marianne Meye Thompson Sigve K. Tonstad Alan J. Torrance Miroslav Volf Rowan Williams

Reconstructing a Christian Theology of Nature Mar 12 2021 In the present ecological crisis, it is imperative that human beings reconsider their place within nature and find new, more responsible and sustainable ways of living. Assumptions about the nature of God, the world, and the human being, shape our thinking and, consequently, our acting. Some have charged that the Christian tradition has been more a hindrance than a help because its theology of nature has unwittingly legitimated the exploitation of nature. This book takes the current criticism of Christian tradition to heart and invites a reconsideration of the problematic elements: its desacralization of nature; its preoccupation with the human being to the neglect of the rest of nature; its dualisms and elevation of the spiritual over material reality, and its habit of ignoring or resisting scientific understandings of the natural world. Anna Case-Winters argues that Christian tradition has a more viable theology of nature to offer. She takes a look at some particulars in Christian tradition as a way to illustrate the undeniable problems and to uncover the untapped possibilities. In the process, she engages conversation partners that have been sharply critical and particularly insightful (feminist theology, process thought, and the religion and science dialogue). The criticisms and insights of these partners help to shape a proposal for a reconstructed theology of nature that can more effectively fund our struggle for the fate of the earth.

Explorations in a Christian Theology of Pilgrimage Feb 29 2020 Many Christians go on pilgrimage, whether to Jerusalem, Rome, Santiago, or some other destination, but few think hard about it from the perspective of their faith. This book fills that gap, looking at the biblical and theological elements in pilgrimage and asking how we could do pilgrimage differently. Exploring the current resurgence of pilgrimage from a Christian viewpoint, this book seeks to articulate a theology of pilgrimage for today. Examination of pilgrimage in the Old and New Testaments provides a grounding for thinking through pilgrimage theologically. Literary, missiological and sociological perspectives are explored, and the book concludes by examining how such a theology could change our practice of pilgrimage today, raising such questions as how tourism to the Holy Land should reflect the situation in the region today. Pilgrims, students and all interested in contemporary pilgrimage will find this accessible book a valuable articulation of the different elements in a Christian theology of pilgrimage.

The Christian Theology Reader Nov 07 2020 Regarded as the leading text in Christian theology for the last 25 years, Alister E. McGrath's *The Christian Theology Reader* is now available in a new 5th edition featuring completely revised and updated content. Brings together more than 350 readings from over 200 sources that chart 2,000 years of Christian history. Situates each reading within the appropriate historical and theological context with its own introduction, commentary, and study questions. Includes new readings on world Christianity and feminist, liberation, and postcolonial theologies, as well as more selections by female theologians and theologians from the developing world. Contains additional pedagogical features, such as new discussion questions and case studies, and a robust website with new videos by the author to aid student learning. Designed to function as a stand-alone volume, or as a companion to *Christian Theology: An Introduction*, 6th edition, for a complete overview of the subject.

Introduction to Christian Theology Jun 14 2021 This book helps beginning theological students grasp the basics of Christian theology. Consciously avoiding the perspective of one school of thought or confessional tradition, the authors provide the reader with a brief, broad overview of the questions and contents of theological study. Their accessible use of language, clear organization, and careful explanation will prove of invaluable aid to those who are getting their theological feet wet for the first time. "In the words of its authors, this book offers an introduction 'to the fuller spectrum of Christian theology as it has developed through the centuries.' Few writers address the historical development of the classic doctrines and the contemporary resonance as adroitly as Gonzalez and Perez. The chapter on Jesus Christ, for example, presents concise summaries of the treatments of Christ's person leading up to Chalcedon, while suggesting a need for a multiplicity of images in understanding the work of Christ that liberates the whole person and restores all creation. Beginning students, as a result, are invited into a living theological conversation, where the contested claims of the past have continued relevance in a contemporary era beset by its undervaluing of the body and creation. Broadly ecumenical in tenor, with reference to theologians from nearly every century, the work should appeal to both a popular readership and introductory students in college and seminary. One disappointing aspect of the book is an absence of Latino/a, feminist, and liberation perspectives. For a work that argues for the contextuality of all theology, and from authors whose previous work has been monumental in Hispanic theological education, this lack is surprising."---David H. Jensen, Austin Presbyterian Theological Seminary, in *Religious Studies Review*, Volume 29 Number 3, July 2003.

Understanding Christian Theology Sep 25 2019 A Clear, Comprehensive Introduction to Basic Biblical Doctrines Experts in their respective fields provide an authoritative perspective on the fundamentals of theology. Extensive treatment of all the classic areas of theological concern--God, Jesus, the Holy Spirit, man, sin, salvation, sanctification, the Scriptures, the church, and more. Contributing authors include: Robert Gromacki Earl Radmacher John Witmer Robert Saucy John Walvoord Robert Lightner J. Carl Laney Robert Pyne Ed Hayes Henry Holloman

Christian Theology: The Classics Sep 17 2021 *Christian Theology: The Classics* is a vibrant introduction to the most important works of theology in the history of Christian thought. Exploring writings from the origins of Christianity to the present day, it examines some of the most influential theologians of all time, considering the context in which they were writing and the lasting significance of their work. Covering thirty-one theological classics such as: • Augustine of Hippo, *On the Trinity* • Martin Luther, *Commentary on Galatians* • John Calvin, *The Institutes of The Christian Religion* • Jonathan Edwards, *Religious Affections* • St Thomas Aquinas, *Summa Theologiae* With a glossary and outlines of the key criticisms of each text, this book is the perfect starting point for anyone interested in Theology and the history of Christian thought.

The Cambridge Companion to Orthodox Christian Theology Mar 31 2020 Orthodox Christian theology is often presented as the direct inheritor of the doctrine and tradition of the early Church. But continuity with the past is only part of the truth; it would be false to conclude that the eastern section of the Christian Church is in any way static. Orthodoxy, building on its patristic foundations, has blossomed in the modern period. This volume focuses on the way Orthodox theological tradition is understood and lived today. It explores the Orthodox understanding of what theology is: an expression of the Church's life of prayer, both corporate and personal, from which it can never be separated. Besides discussing aspects of doctrine, the book portrays the main figures, themes and developments that have shaped Orthodox thought. There is particular focus on the Russian and Greek traditions, as well as the dynamic but less well-known Antiochian tradition and the Orthodox presence in the West.

Renewing Christian Theology Apr 12 2021 *Renewing Christian Theology* is theology for the twenty-first-century church.--Cheryl Peterson "Anglican Theological Review"

Principles of Christian Theology Aug 29 2022 This text poses the question "what is theology?" and goes on to discuss issues of methodology, the relation of theology to other disciplines and different theological perspectives. It also investigates topics in the fields of philosophical theology (human existence; revelation; the language of theology; and Christianity and other religions), symbolic theology (triumph of God; doctrines of creation; the problem of evil and suffering; the person of Jesus Christ; and eschatology) and applied theology (the Church; ministry and mission; word and the sacraments; worship and prayer; and ethics).

A Christian Theology of Place Feb 20 2022 The place in which we stand is often taken for granted and ignored in our increasingly mobile society. Differentiating between place and space, this book argues that place has very much more influence upon human experience than is generally recognised and that this lack of recognition, and all that results from it, are dehumanising. John Inge presents a rediscovery of the importance of place, drawing on the resources of the Bible and the Christian tradition to demonstrate how Christian theology should take place seriously. A renewed understanding of the importance of place from a theological perspective has much to offer in working against the dehumanising effects of the loss of place. Community and places each build the identity of the other; this book offers important insights in a world in which the effects of globalisation continue to erode people's rootedness and experience of place.

Exploring Christian Theology : Volume 3 May 02 2020 Dallas Seminary Professors Make Basic Theology Accessible for All Theology doesn't have to be complicated. In this book, trusted Dallas Seminary professors present a concise systematic theology that distills the essential spiritual truths in a way that makes sense to readers--students, lay people, and pastors. Here are introductions, overviews, and reviews of key tenets of orthodox protestant evangelical doctrines. The book also includes an annotated list of key applicable Bible texts, a quick-paced story of doctrine throughout church history, heresies or distortions to be aware of, and more. Exploring Christian Theology is useful for discipleship, catechism, membership training, preview or review of doctrine, or quick personal reference. It can also be used by ministry training programs, Bible colleges, or seminaries as an introductory primer to orient students in preparation for a more in-depth study of theology.

Christian Theology: The Basics Dec 21 2021 Christian Theology: The Basics is a concise introduction to the nature, tasks and central concerns of theology – the study of God within the Christian tradition. Providing a broad overview of the story that Christianity tells us about our human situation before God, this book will also seek to provide encouragement and a solid foundation for the reader's further explorations within the subject. With debates surrounding the relation between faith and reason in theology, the book opens with a consideration of the basis of theology and goes on to explore key topics including: The identity of Jesus and debates in Christology The role of the Bible in shaping theological inquiry The centrality of the Trinity for all forms of Christian thinking The promise of salvation and how it is achieved. With suggestions for further reading at the end of each chapter along with a glossary Christian Theology: The Basics, is the ideal starting point for those new to study of theology.

Speaking of God Jul 04 2020 Do you ever think you're forgetting how to talk about God? Or never learned how? Theology is nothing more—and nothing less—than speaking together about God. Still, a lot of us don't know where to start. In *Speaking of God*, pastor and theologian Anthony Siegrist helps readers recover a basic language around Christian theology. The sweeping epic of Scripture serves as the scaffold for this accessible book. In vivid and even humorous writing, Siegrist introduces us to scholars and pilgrims and traditions that disclose essential truths about God and Jesus Christ, as well as concepts like creation, sin, redemption, the church, and discipleship. By plumbing the works of theologians such as Augustine, Julian of Norwich, Antonia Gonzalez, and Kazoh Kitamori, Siegrist offers readers an introduction to Christian theology throughout the ages, emphasizing common threads of thought and practice across traditions. Learning to talk about God requires courage and humility; this handbook of Christian theology will help you gain both. Join the deepest, longest conversation in the world.

Divine Teaching Aug 05 2020 This innovative work is an introduction to Christian theology with a difference. Not only does it interpret, with clarity and energy, fundamental Christian beliefs but it also shows how and why these beliefs arose, promoting an understanding of theological reflection that encourages readers to think theologically themselves. From Irenaeus and Aquinas to Girard, from Augustine to Zizioulas and contemporary feminist thought, *Divine Teaching* explores the ways in which major thinkers in the Christian tradition have shaped theology through the wide variety of their encounters with God. It makes theological study adventurous and interactive, not necessarily requiring a faith commitment from all, but allowing readers a thoughtful involvement in the subject that takes seriously the Christian vision of God as the ultimate teacher of theology. *Divine Teaching: An Introduction to Christian Theology* is an imaginative and lively analysis of the Christian way of thinking, offering vivid and informing insight into the history and practice of Christian theology.

The Epistle to the Hebrews and Christian Theology Feb 08 2021 The second annual St. Andrews Conference on Scripture and Theology brought leading biblical scholars and systematic theologians together in conversation, seeking to bridge the growing gap between these disciplines. Reflecting the convergence of the Old Testament's cultic theology, Hellenistic ideas, and early Christian thinking, the epistle to the Hebrews provides a perfect foundation for this fruitful dialogue. / The contributors examine a number of key theological themes in the letter to the Hebrews: the person and nature of the Son, his high-priestly work, cosmology, the epistle's theology of Scripture, supersessionism, the call to faith, and more. Unlike many modern treatments, this substantial volume considers Hebrews in both its ancient context and against our modern backdrop. / Edward Adams, Loveday Alexander, Harold W. Attridge, Richard Bauckham, Markus Bockmuehl, Daniel Driver, Douglas Farrow, Trevor Hart, Richard B. Hays, Stephen R. Holmes, Morna D. Hooker, Edison M. Kalengyo, Mariam J. Kamell, Bruce L. McCormack, Nathan MacDonald, I. Howard Marshall, R. Walter L. Moberly, Carl Mosser, Mark D. Nanos, Nehemia Polen, John Polkinghorne, Ken Schenck, Oskar Skarsaune, Daniel J.
