May 23 2022 web 29 05 2020
the lcp ii in 22lr is not a smaller
version of the lcp ii in 380 acp
in fact the specifications list
the 380 version as shorter in
height and ever so slightly less
in weight all of the
measurements between the two

calibers are extremely close
but not exactly the same i have
no idea why other than weight
there s any difference at all
