***Jozef IJsewijn. Humanism in the Low Countries Apr 22 2022 Professor Jozef IJsewijn's most relevant essays collected in one volume Jozef IJsewijn. Humanism in the Low Countries contains twenty-one essays written by the late Professor Jozef IJsewijn during the period 1966-1996. All essays were selected by his pupil Professor Gilbert Tournoy, who collaborated with him since the foundation of the Seminarium Philologiae Humanisticae in 1966 until his untimely death in 1998. They are now published in one volume in homage to the most brilliant scholar in the field of Neo-Latin Studies of the twentieth century. A number of contributions focus on the life and/or work of a single humanist from the Netherlands, others have a more general nature and deal with the very beginning and the later blossoming of Neo-Latin literature in the Low Countries or with the relationship between humanism in the Low Countries and in other European countries. Hidden in a less-known journal or a Festschrift for a colleague, these studies are nowadays not always easy to find. This volume brings the most relevant essays of IJsewijn together and aims to contribute to the research and study of humanism and Neo-Latin literature in the Low Countries.***

***Analyse de Carite et Polydore Jul 01 2020 Extrait : "Cet ouvrage est tout à fait dans le genre d'Ismène et Ismenias. C'est à s'y tromper. Mêmes qualités, mêmes défauts ; beaucoup de connaissance des usages anciens ; même affectation à chercher des tableaux ; trop de poésie dans le style ; de l'élégance et de la chaleur, mais nul génie. Toujours des situations fortes et des images faibles ; le sujet rare et l'exécution commune."***

***Puerto Rico's Cordillera Central Oct 04 2020 To find the real Puerto Rico a€" the one that shopping malls and condos have yet to reach a€" head for the towns and villages of the Cordillera Central, or Central Mountains. Bisected by the Ruta Panorámica (Scenic Route), the mountains provide a relaxing getaway with an atmosphere so unlike the coast that it feels like an entirely different island. The Ruta Panorámica is a driving adventure covering more than a hundred miles of countryside, including coffee plantations, old JA-baro country and four forests: Carite, Toro Negro, Guilarte and Maricao. Along the route are valleys, canyons, wide-open terraces and views of the Atlantic and the Caribbean. Visitors who don't have time to do the whole Ruta***

**PanorAmica might consider a driving tour starting out from San Juan to the San Cristobal canyon in Aibonito, returning via Barranquitas a€" easily doable in a day if you start out early. Or take a few days to enjoy secluded swimming holes, hiking trails, cloud forest and the hospitality of the mountain locals. This guide tells you everything about the region: where to stay & eat, what to see & do, how to get around, the history & culture, the fiestas & the cuisine. Filled with maps & photos.**
